

ALL BLOCK — SELECTION

Yu-City Fabric Sample

Yu-city

Yu-City
ALL Block selection

Choosing the best fabric for outdoor furniture from Yu-city ALL Block collection! You can't go wrong with it.

Yu-City selects dope dyed high density fabrics. The dyes are applied as pellet pigments to the pellet raw materials, before being spun into yarn. This special process helps the fabrics come with good lightfastness rating and makes them perfectly suitable for outdoor furniture which are always exposed to sunlight.

We offer a variety of coatings to meet your particular needs. We assure you that the color performance after coating will be as good as what it was before application.
